7 Days 6 Nights

Learn more at the #1 Teacher College in Singapore, the National Institute of Education (NIE).

Visit Times Centre, home to one of the largest education solutions providers in Singapore!

Jewel Changi Airport

Learning Journey participants engaged in a group activity.

Day 1: Arrive in Singapore

Arrive in the beautiful Lion City of Singapore.

Day 2: 21st Century School for the 21st Century Education: Case-Example of Singapore Education

As an introductory session, educators will examine the impact of globalization on education in the twenty-first century, how Singapore (as a case-example) responds to the ever-fast changing educational landscape and how the school leader has to lead his or her learning organization.

Day 3: Effective Assessment for Meaningful Learning

Teaching, Learning and Assessment are intricately linked. Effective assessment involves a well-defined process. Educators will be introduced to Strategies for activating and assessing learners' prior knowledge, writing of Learning Intentions and Success Criteria and strategies for monitoring learners' understanding.

Day 4: Redesigning School of the Future

The twin forces of globalization and the relentless technological modernization have continued to transform the world of work and the way people live. As such, schools have a critical role to play in preparing our learners to be global citizens and skillful workforces of the future.

Day 5: Empowering Teachers for Innovative Education

"Empowering Teachers for Innovative Education" is a workshop that delves into the transformative journey of educators navigating the dynamic demands of modern pedagogy.

Day 6: MOE Heritage Centre

Great place to visit to understand how the education landscape evolved to what it is today.

Day 7: Departure from Singapore
