Programme Overview

This course helps participants review basic concepts in differentiated instruction and extend their understanding through a workshop activity on anticipating students' responses and providing differentiated instruction based on the responses. In this course, participants will learn how to provide help to struggling learners while challenging advanced learners using the same anchor tasks.

Learning Objectives

1. Understanding and application of differentiated learning in numeracy
2. Analysing the quality of children's learning and documenting their learning and growth
3. Learning how advanced children can be challenged without accelerating, and how struggling children can be supported effectively
4. Setting up meaningful learning centres and activities with differentiated learning

Topics Covered

1. Differentiated learning through rational counting activity
2. Implementation of tangram learning centres
3. Differentiated instructions for group learning
4. Acceleration and enrichment
5. Differentiated learning through storytelling
6. Maths journaling
7. Planning for a differentiated lesson
8. Fieldwork: conducting a differentiated lesson

Programme Administrative Information

The Terms & Conditions listed below are applicable for all MCE's programmes.

MCE reserves the right to make changes or modifications to these Terms and Conditions at any time without prior notice, as it deems appropriate.

Pre-Course Administration

1. General

- All interested applicants must comply with the Marshall Cavendish Education (MCE)'s entry requirements and application procedures, which may include the submission of supporting documents, attending a pre-enrolment screening, or both.
- For courses with a screening component, unsuccessful applicants will bear the applicable screening fee in cash (i.e. SFC cannot be used). All applications are subjected to review by MCE, and the decision is final.

In-Course Administration

1. Online Learner Expectations

- Learners are expected to have access to a safe and robust network connection and a laptop running on Windows Operating System 7 and above (or MAC OS system).
- The laptop should have a pre-installed webcam or a headset with a USB webcam.
- The entirety of each training/assessment session will be recorded, and the learners must turn on their webcam at all times for attendance purposes.
- Learners' faces in the video recordings must be fully visible (i.e. the entire face and not just the forehead/eyebrows).
- Learners' full names, as reflected in their NRICs, should be indicated in the video recordings.

Post-Course Administration

1. Post-Training Administration
